WELCOME TO

Cairo FACE

Cairo Facial Aesthetic Conference & Exhibition is a premiere event dedicated to advancing knowledge and expertise in facial aesthetics. We believe that beauty is both art and science. Our event gathers an extraordinary international assembly of leaders at the forefront of facial aesthetics.

At Cairo FACE World Summit, distinguished professionals come together to pioneer advancements, deliver cutting-edge presentations, and provide immersive hands-on training sessions. This is where global experts drive transformative innovations, share the latest scientific insights, and collaboratively shape the future of facial aesthetics, elevating the field to new heights. Join us for an unparalleled experience that inspires growth, excellence, and progress in facial aesthetics.

OUR VISION

VISION

CAIRO FACIAL AESTHETIC CONFERENCE & EXHIBITION

To lead the global landscape of facial aesthetics, we cultivate an environment defined by collaboration, innovation, and excellence—one that continuously sets new benchmarks in both clinical practice and scientific research.

Cairo FACE is devoted to empowering distinguished practitioners and the next generation of industry leaders through curated scientific discourse, refined hands-on training, and immersive educational experiences. Each element is thoughtfully designed to showcase the latest advancements, elevate expertise, and shape the future of aesthetic medicine with precision and sophistication.

FOUNDER AND PRESIDENT

SAMIR GHORABA, MD, PhD

Consultant Plastic Surgeon

Dear Esteemed Colleagues,

Distinguished Faculty, Valued Sponsors, and Honored Delegates,

It is my great pleasure to welcome you to Cairo for this premier gathering in facial aesthetic surgery. Bringing together leading experts in facelift surgery, rhinoplasty, and facial aesthetics, this congress reflects our shared commitment to advancing both the science and artistry of the field.

Our vision is to create a world-class platform where knowledge meets practice. Through live surgeries, cadaver dissections, and hands-on workshops, we aim to bridge theory with real-world application, while fostering open exchange of techniques, innovations, and experiences to elevate standards of care.

Hosting this event in Cairo adds a unique dimension, offering a vibrant setting to connect, learn, and grow.

My sincere thanks to our faculty, sponsors, and delegates for being part of this journey.

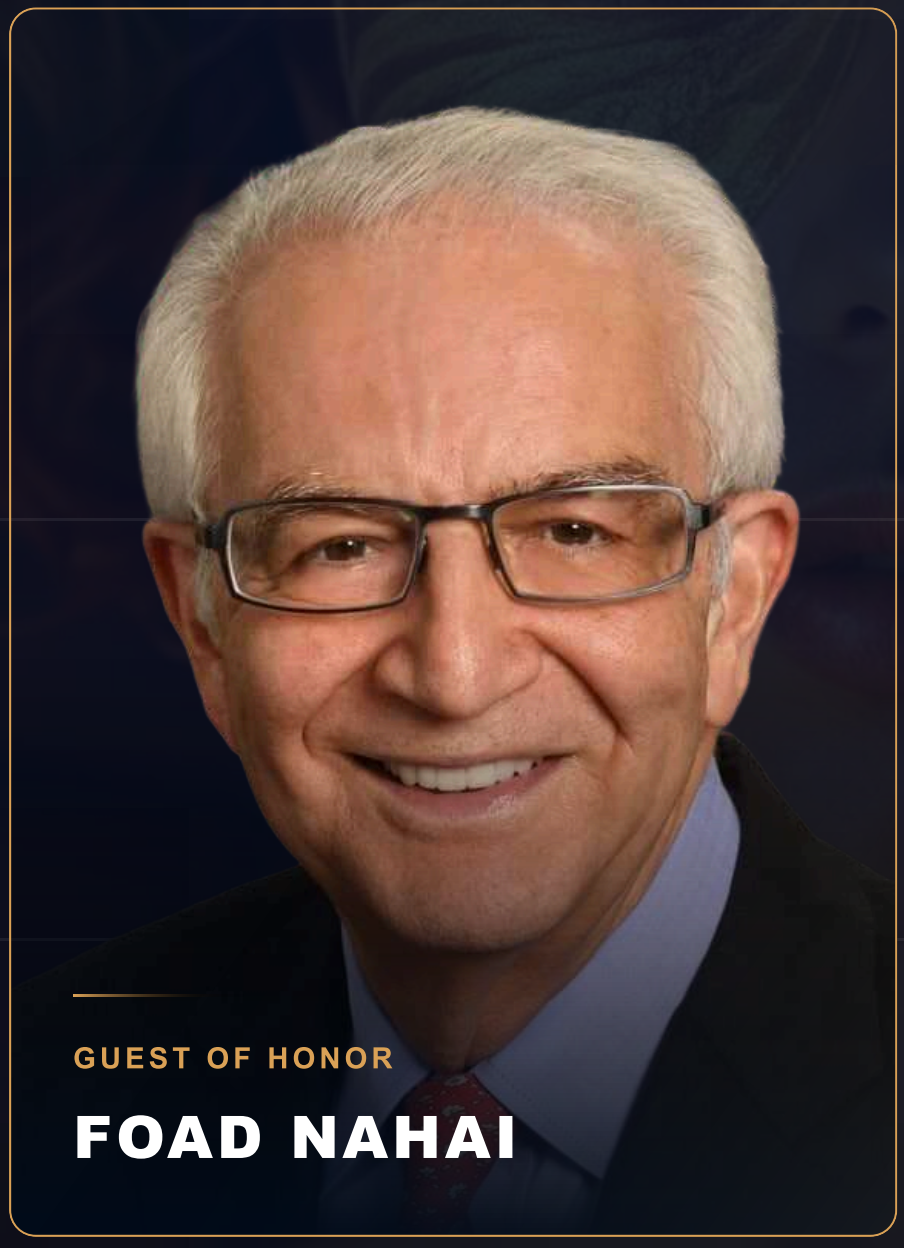

Wishing you an inspiring and enriching experience.

Warm regards,
Founder and president

CADAVAR COURSES

COURSE 01

Structural Preservation Rhinoplasty

- Advanced nasal anatomy focus: structural support, ligaments, and soft tissue dynamics
- Structural preservation techniques with emphasis on function and aesthetics
- Fresh cadaver dissection for true surgical experience

COURSE 02

Deep Plane Facelift

- Immersive training to improve precision and confidence in deep plane facelifts
- Advanced facial anatomy focus: ligaments, nerves, and vascular structures

COURSE 03

Cadaveric Liquid Facelift Course

- Risk management, complication prevention, patient safety, and professional medical photography (before & after results)
- Injection strategies for volume restoration, contour enhancement, and facial rejuvenation

COURSE 04

Face Inside Out Cadaver

- Layer-by-layer full-face cadaver dissection with post-procedure verification of filler and thread placement
- Ultrasound assessment and guidance for injectables and thread positioning
- Hands-on practice with fillers, toxins, and thread lifting (selection, vectors, depth, and safe insertion techniques)

CAIRO FACE WORLD SUMMIT 2026

HANDS-ON COURSES

COURSE 09

Advanced Full Face Approach

- Full facial assessment (upper, mid, lower thirds)
- Combine fillers, toxins & treatments into one plan

COURSE 10

Ultrasound-Guided Injectables

- Perform injections with real-time ultrasound guidance
- Visualize filler placement & avoid vascular risks

COURSE 11

Russian Lips Masterclass

- Master vertical lift, structure & definition techniques
- Control projection & avoid migration

COURSE 12

Non Surgical Regenerative Aesthetics

- Deep Understanding of regenertive medicine
- Control projection & avoid migration

CAIRO FACE WORLD SUMMIT 2026

HANDS-ON COURSES

COURSE 05

The MAP Masterclass

- Advanced facial anatomy with clinical correlation for safe, precise injections
- Capture powerful before & after results with professional medical photography
- Master injection techniques with tips & tricks for full-face harmonization

COURSE 06

Profile Balancing Course

- Select the right products, depth & treatment planes for predictable outcomes
- Capture powerful before & after results with professional medical photography
- Enhance projection & definition with advanced chin augmentation strategies

COURSE 07

No Filler Filler Course

- In-depth facial anatomy for safe, effective filler placement
- Prevent & manage complications with anatomy-based approaches
- Refine lip shape with symmetry & natural movement

COURSE 08

Non-Surgical Nose Job Course

- Personalized training with direct supervision & tailored guidance
- Live demonstration of the "Inverted Y Rhinoplasty Technique" on a model
- Hands-on practice with one syringe of HA filler under expert supervision

CAIRO FACE WORLD SUMMIT 2026

WORKSHOPS

COURSE 12

Basics of Facial Ultrasound & Facial Ultrasound Anatomy

- Understand vessels, layers & danger zones using ultrasound
- Learn to read and apply scans clinically
